

AXEL Lounge Chair — Model AX-200

Nordform Studio

The AXEL lounge chair pairs a solid white-oak frame with a molded plywood shell and full-grain leather upholstery. Designed for residential and light-commercial interiors.

Overall dimensions: 30 in W x 32 in D x 28 in H. Seat height: 16 in. Weight capacity: 300 lb.

Materials: solid white oak frame, molded plywood shell, top-grain aniline leather seat and back.

Finishes: natural oak, smoked oak, or ebonized oak. Leather in cognac, charcoal, and ivory.

Certifications: ANSI/BIFMA X5.4 tested. GREENGUARD Gold certified.

Installation: ships fully assembled. Attach felt glides (included) before placing on hardwood floors.

Care: vacuum leather weekly with soft brush attachment. Condition leather twice yearly. Wipe oak with a dry cloth; avoid silicone polish.
