Nordform Studio

AXEL Lounge Chair — Model AX-200

Description

The AXEL Lounge Chair (Model AX-200) by Nordform Studio is a residential and light-commercial lounge chair featuring a solid white-oak frame with a molded plywood shell. Seating surfaces are upholstered in top-grain aniline leather. The chair ships fully assembled and is available in multiple frame and leather finish combinations.

Dimensions

30 in W × 32 in D × 28 in H; Seat height: 16 in

Materials

Solid white oak frame, molded plywood shell, top-grain aniline leather seat and back

Finishes

Frame: natural oak, smoked oak, or ebonized oak. Leather: cognac, charcoal, or ivory.

Certifications

ANSI/BIFMA X5.4 tested; GREENGUARD Gold certified

Important Specifications

- Model number: AX-200
- Weight capacity: 300 lb
- Intended use: residential and light-commercial
- Felt glides included

Installation Notes

Ships fully assembled. Attach included felt glides to legs before placing on hardwood floors.

DRAFT 7/9/26 - NOT FOR CONSTRUCTION

Care Notes

Vacuum leather weekly using a soft brush attachment. Condition leather twice per year. Wipe oak frame with a dry cloth; avoid silicone-based polish.

Herman Miller (MillerKnoll)

Eames Lounge Chair and Ottoman (Model 670 / 671)

Description

The Eames Lounge Chair (Model 670) and Ottoman (Model 671) is an iconic lounge seating set designed by Charles and Ray Eames and first introduced in 1956. The chair is composed of three curved, layered plywood shells—headrest, backrest, and seat—covered in wood veneer and upholstered cushions, mounted on an aluminum base. Originally conceived as the Eameses' first chair for the high-end market, it draws inspiration from the traditional English club chair. The set has been in continuous production since its introduction and is part of the permanent collections of the Museum of Modern Art and other major institutions.

Dimensions

Overall dimensions not specified in source. Chair (Model 670) and Ottoman (Model 671) sold as a set; an XL/tall version with higher and deeper sizing was introduced in 2008.

Materials

Molded layered plywood shells (current production: seven layers) with wood veneer exterior; leather upholstered cushions; aluminum base and spines; plastic glides/feet.

Finishes

Current veneer options include cherry, walnut, and palisander rosewood (sustainably grown). Cushions available in leather (black shown in product images). Early models offered Brazilian rosewood veneer (discontinued early 1990s).

Important Specifications

- Model numbers: Eames Lounge Chair — 670; Ottoman — 671
- Introduced: 1956; in continuous production by MillerKnoll (United States) and Vitra (Europe)
- XL/tall version (larger seat height and depth) available since 2008
- Current shell construction: seven layers of molded plywood with finishing veneer

DRAFT 7/9/26 - NOT FOR CONSTRUCTION

- Authenticity label: curved embossed style on current production models
- Palisander rosewood veneer is sustainably grown
- Part of permanent collection: Museum of Modern Art, New York; Henry Ford Museum, Dearborn, MI; Museum of Fine Arts Boston

Installation Notes

Freestanding lounge chair; no wall mounting or rough-in requirements. "Domes of silence" glides on aluminum base protect flooring surfaces.

Care Notes

Care and cleaning instructions not specified in source.

Knoll Inc.Barcelona Chair

**Description**

The Barcelona Chair is a modernist lounge chair originally designed by Ludwig Mies van der Rohe and Lilly Reich for the German Pavilion at the 1929 International Exposition in Barcelona. The chair features a seamless stainless steel frame and tufted leather cushions, and is almost entirely handcrafted. Knoll Inc. has been the licensed manufacturer of the chair since 1964. Each chair carries a facsimile of Mies van der Rohe's signature stamped into its frame.

Dimensions

75 cm W × 75 cm D × 75 cm H (30 in × 30 in × 30 in)

Materials

Stainless steel frame (also available in chrome); bovine leather cushions filled with foam

Finishes

Chrome on steel frame; stainless steel frame. Cushions in bovine leather (finish/color options not specified in source).

Important Specifications

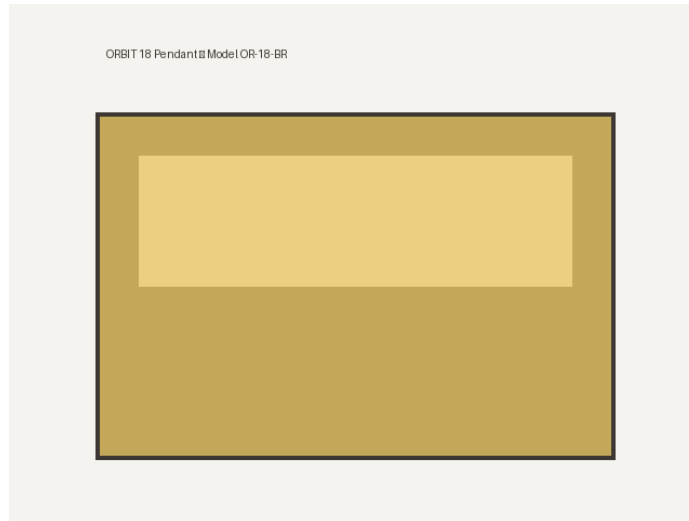

- Designers: Ludwig Mies van der Rohe and Lilly Reich
- Original design date: 1929
- Licensed manufacturer: Knoll Inc. (since 1964)
- Frame: Seamless stainless steel (redesigned 1950); also available in chrome
- Cushions: Tufted bovine leather over foam

DRAFT 7/9/26 - NOT FOR CONSTRUCTION

- Each chair bears a facsimile of Mies van der Rohe's signature stamped into the frame
- Production is almost entirely handcrafted
- Source: Wikipedia — manufacturer spec sheet not provided; verify current model numbers, finish options, and pricing directly with Knoll

Lumen & Field

ORBIT 18 Pendant — Model OR-18-BR

Description

The ORBIT 18 is a spun-brass pendant luminaire designed for use over kitchen islands and dining tables. The shade features a white powder-coated interior that produces warm, glare-free downlight. The overall drop is field-adjustable via a cuttable cloth-wrapped cord, accommodating a wide range of ceiling heights. The fixture is supplied with a dimmable LED lamp and is Title 24 compliant.

Dimensions

Shade: 18 in diameter × 9 in H. Overall drop adjustable 12 in to 60 in via field-cuttable cord.

Materials

Spun brass shade (white powder-coated interior), steel canopy, cloth-wrapped cord.

Finishes

Natural brushed brass, blackened brass, or polished nickel.

Certifications

UL and cUL listed (dry locations). Title 24 compliant with included LED lamp.

Important Specifications

- Model number: OR-18-BR
- Socket: E26 medium base
- Max wattage: 100 W incandescent or 17 W LED
- Included lamp: LED, 1600 lumens, 2700 K, 90+ CRI, dimmable
- Rated location: dry locations only
- Max fixture weight: 15 lb (ceiling support requirement)

DRAFT 7/9/26 - NOT FOR CONSTRUCTION

- Schedule key: LT-01 — Pendant @ Kitchen Island

Installation Notes

Mounts to standard 4-in octagonal junction box. Canopy hardware included. Ceiling structure must support a minimum of 15 lb. Cord is field-cutable to achieve desired drop between 12 in and 60 in.

Care Notes

Dust with a dry microfiber cloth. Uncoated brass will develop a natural patina over time; apply brass cleaner if a bright finish is preferred.
